

Listen, Reflect & Exceed

eQIPd equips kindergartens, preschools, long day care and outside school hours care services with insights from their families and educators to inform continuous improvement. How? Via online, standardised and validated surveys designed around the National Quality Standards.

eQIPd works with hundreds of services across Australia, large and small.

Quality is underpinned by careful listening and engagement with families and educators - eQIPd makes this easy, and education and care services do better as a result.

QUALITY

Clients who use eQIP are more likely to achieve a rating of "Exceeding the National Quality Standards" and are also more likely to improve their rating during their next assessment compared to others in the sector.

INSIGHT

eQIPd surveys capture families and team members' voices for service leadership. Benchmark reports help identify strengths, areas for improvement, and support self-assessment.

CONVENIENCE

Save time with eQIPd as your dedicated survey project manager, allowing you to concentrate on more critical tasks.

The secret sauce which helps eQIPd clients achieve higher quality ratings than other services is the set of common questions, designed around the NQS, in the Parent and Educator Surveys. This enables service leadership to benchmark their results against other services. This point of comparison provides invaluable insights into strengths and opportunities for improvement.

An easy way to embed families' voices in your self-assessment

1

- Order your family or educator survey at eqipd.com.au
- eQIPd sends you a unique weblink to your survey and invitation, including a printable QR Code Poster to promote the survey

How are we doing?

2

- You email your unique survey link to families/educators
- Families/educators anonymously complete their survey on their phone, tablet or computer
- eQIPd monitors responses and sends you reminder templates to boost responses

3

- eQIPd provides your service with detailed reports that are compared to similar services, allowing you to use them for self-assessment purposes.

Pricing*

Standard offering starts at just \$199 per service, with survey collateral, reports and use of the standard survey instrument (40+ questions designed around the NQS and validated by data scientists and educators.) Benchmarking is included, so you can see how your service measures up against other services. Extra questions and tailored reports can also be provided at reasonable rates. Bespoke surveys can also be developed.

*Pricing for 2024 per service

About eQIPd

eQIPd exists to equip the education and care sector with insights to support quality. eQIPd runs surveys for services across Australia, supporting them on their quality improvement journeys. In addition, the founder, Felicity Dunn, supports approved providers, local government and other organisations in larger consultancy projects.

eQIPd lives and works on the lands of the Waddawurung and Dja Dja Wurrung people. We pay our respects to elders past, present and emerging.

"eQIPd is hands down the best way to get inside the thoughts of your centre's families. Responses are anonymous so families feel safe to say what they really think. It is a fabulous way to make changes that families actually want and to be proud of what you are achieving. The end report is thorough and relates directly to all quality areas."

- Amanda Reed, Little Paddington Early Learning Centre
