

Listen, Reflect & Exceed

eQIPd equips kindergartens, long day care and outside school hours care services with insights from their families and community for their Quality Improvement Plans. We do this via online, standardised and validated surveys designed around the National Quality Standards.

eQIPd works with hundreds of services across Australia, large and small.

We know that quality is underpinned by meaningful engagement with families and educators - eQIPd makes this easy.

QUALITY

Our clients are more likely to be rated as "Exceeding the National Quality Standards" and more likely to improve their rating when next assessed.

INSIGHT

eQIPd's reports enable you to pinpoint strengths and opportunities to improve in relation to the NQS.

CONVENIENCE

Save time - eQIPd is your dedicated survey project manager, meaning you have time to focus on more important things.

"eQIPd is a great resource for the management and planning of our centre. It provides confidentiality for the parents to acknowledge educators and other aspects of their child's education and care, as well as a chance to request/suggest changes. I am particularly happy with how I can use this "outside" resource to acknowledge our educators and their part in our children's lives."

- Meredith, Little Gekos Early Learning Centre

How it works

- Order your family or educator survey
- eQIPd sets up survey and sends you a unique weblink and invitation, including a printable QR Code Poster to promote the survey
- Email your unique survey link and invitation to families/educators
- Families/educators anonymously complete the survey on their phone, tablet or computer
- eQIPd monitors responses
- eQIPd prepares your reports - actionable insights are delivered straight to your inbox
- eQIPd can assist with presentation of results and group brainstorming for next steps for your Quality Improvement Plan and Strategic Plan.

Pricing*

Our standard offering starts at just \$135 per service, with survey collateral, reports and use of the standard survey instrument (40 questions designed around the NQS and validated by data scientists and educators.) Benchmarking, extra questions and tailored reports can also be provided.

*Pricing for 2021 per service

About eQIPd

The Founder of eQIPd is Felicity Dunn, an education policy specialist. With a deep understanding of outcomes based regulatory frameworks, Felicity has extensive experience in strategically engaging with families and educators in order to build a culture of continuous improvement to support high quality education and care services.

Winner, City of Greater Geelong Clever & Creatives Pitch
2019

"eQIPd is hands down the best way to get inside the thoughts of your centre's families. Responses are anonymous so families feel safe to say what they really think. It is a fabulous way to make changes that families actually want and to be proud of what you are achieving. The end report is thorough and relates directly to all quality areas, which is perfect for establishing a new QIP."

- Amanda Reed, Little Paddington Early Learning Centre
